I have asked Ex. 6 Personal Privacy (PP) to complete this today...

Something not right about the RAD case flow; this case is in !RAD folder and seems to look like Ex. 6 Personal Privacy (PP) might have looked at it once, but it is just sitting there???

It has to be done TODAY, so if Ex. 6 Personal Privacy (PP) finds that other reports need updating (they were done in June most recently; don't know why wasn't finished then??
